- This is for anyone that might like to offer discounts or promotional merchandise to include in the 50 swag bags being prepared for the race participants.

KEM'S STORY

Kemberly Lorin Ramer was born May 18, 1980. Kem, as her friends and family called her, grew up in a small town in South Alabama. She loved softball; playing city league as a youth, playing for the OHS Bobcats and in her final days, playing for a women's city league.

A few days shy of starting her senior year of high school Kem played her last softball game. Friday, August 15, 1997 after her softball game, Kem visited her boyfriend before going home for the night. Evidence shows that Kem did make it home that night as her car was parked out front and her personal belongings in her room. Kem has not been seen or heard from since and foul play is expected .

There have been numerous searches over the years without any luck in uncovering what happened. Kem was an excellent athlete and an outstanding student. Her personality was both feisty but silly. She loved to laugh, she loved her friends, and she had everything going for her.

Some 20 years later, Kem's family still has no closure and still awaits justice for their girl.

It is my hope to honor Kem's memory by awarding a scholarship to a graduating senior each year. A scholarship that will aid in a post-secondary education; one of the many things that Kem was robbed of.
